EXPERIENCE

Android Developer

April 2025 – Present

Lufick Technologies Pvt. Ltd.

- Actively contributing to **LedgerBook** (Flutter), developing financial features including transaction management, category systems, and optimized UI.
- Continuously contributing to production-level Android application **DocScanner**, delivering features and enhancements using **Java & Kotlin**.
- Designed and implemented modern UI using **Jetpack Compose** and **Flutter**, improving user experience and performance.
- Handled bug fixing, performance optimization, and code refactoring across multiple modules in **Java**, **Kotlin**, and **Dart**.
- Collaborated with cross-functional teams (backend, QA, design) to ensure stable and scalable feature delivery.
- Followed Agile practices including sprint planning, code reviews, and continuous integration.

Android Developer Intern

Sep 2024 – Mar 2025

Lufick Technologies Pvt. Ltd.

- Trained in Android development using **Android Studio** and **Java**, gaining a strong foundation in app architecture and UI design.
- Worked with Android libraries and tools such as **Glide**, **FastAdapter**, and **Firebase**.
- Assisted in feature implementation, bug fixing, and UI improvements for the **DocScanner** app under senior developer guidance.
- Learned Android best practices using **Java** and **Kotlin**, including clean code, debugging, and version control.

SKILLS

- Languages:** Java, Kotlin, Dart, C++
- Frameworks & Tools:** Android SDK, Jetpack Compose, Flutter, XML, Gradle
- Libraries:** Retrofit, Glide, Firebase, FastAdapter
- Databases:** Firebase Firestore, Realtime DB, MySQL
- Concepts:** Data Structures, Algorithms, OOP, Multithreading, MVVM

PROJECTS

LedgerBook (Flutter)

- Developed a financial management app with transaction tracking and category system.
- Implemented dynamic UI updates and optimized performance using Flutter.

DocScanner (Production App)

- Contributed to a production document scanning application used by millions of users.
- Implemented new features, fixed bugs, and improved performance for better user experience.
- Worked with **Kotlin**, **Jetpack Compose**, and Android SDK in a production environment.

HONORS AND ACHIEVEMENTS

- Solved **350+** **Data Structures and Algorithms** problems across platforms like **LeetCode**, **HackerRank**, and **GeeksforGeeks**.
- Earned **5+** **badges on LeetCode** by consistently solving daily challenges and improving problem-solving skills.
- Hands-on experience building and contributing to **production-level applications** such as **DocScanner** and **LedgerBook**.

EDUCATION

Master of Computer Application (M.C.A.)

| 2022-2024

Galgotias University Greater Noida, Uttar pradesh; CGPA : 8.43

Bachelor of Computer Application (B.C.A.)

| 2018-2022

T.N.B. College Bhagalpur, Bihar; Percentage : 70.5%
